About Center for Studies on National Disaster Management & Skill Development

Sarve Jano Sukhinobhavanthu is the principle of our country and people. Centre for Studies on National Disaster Management & Skill Development is setup with a multidisciplinary and participatory approach to combat any situation arising due to natural hazards and also man-made disasters. It is fact that such hazards cause enormous impact not only on human existence but also on the National economy.

OBJECTIVES OF THE WORKSHOP

A national disaster is the negative impact following an actual occurrence of natural hazard in the event that it significantly harms a community. A natural disaster can cause loss of life or damage property and typically leaves some damage in its wake. Some of the natural hazards include drought, earthquake, landslide, storm water management etc. Due to the changing climatic scenario, Indian cities are facing lot of problems which needs urgent solution. In this regard, the present workshop is organized.
