## ABOUT THE INSTITUTE

S. G. Balekundri Institute of Technology, (SGBIT) Belagavi is established in the year 2008, by Shri Siddharameshwar Education Trust of Rudrakshimath, Naganur, Belagavi under the presidentship of His Holiness Poojya Dr. Siddharama Swamiji. The trust has facilitated general and technical Education, since 1932. SGBIT is committed to integrating morality with education by arranging value-additional programs in Social, Moral & Technical fields contributing to the human resource development needed for the state, nation, and the world. It is one of the fastest developing institutes in the north part of Karnataka where all 5 departments are accredited by NBA. It is one of the first college in North Karnataka to get ISO 21001:2018 certification.

## BACKGROUND

In its 49th meeting held on 14th March 2017, AICTE approved a package of measures for further improving the quality of technical education in the Nation.

**NEP 2020** has further highlighted the need for rethinking “education for achieving full human potential, developing an equitable and just society, and promoting national development”.

AICTE is making an effort towards holistic technical education, i.e., value-based and multi-disciplinary, and taught in multiple Indian languages.

Its three components are:

- Education on values – Universal Human Values (UHV)
- Exemplify living with values – Indian Knowledge System (IKS)
- Learning and practicing multiple, complementary, world-class skills that are nature-friendly and human-friendly

## IMPORTANCE OF UHV FDP

This FDP is designed to educate individuals about the importance and application of universal human values in various aspects of life such as promoting ethics and morality, enhancing interpersonal relationships, building a cohesive society, contributing to global peace and harmony, fostering personal development, and addressing contemporary challenges. Overall, Universal Human Values FDPs play a crucial role in nurturing individuals who excel professionally and contribute positively to their communities and the world at large. It will help them mentor students and help them develop a holistic vision of life.

## WORKSHOP OBJECTIVES:

1. Holistic vision of life
2. Socially responsible behavior
3. Environmentally responsible work
4. Ethical human conduct
5. Having competence and capabilities for Maintaining Health and Hygiene
6. Appreciation and Aspirations for excellence (merit) and gratitude for all

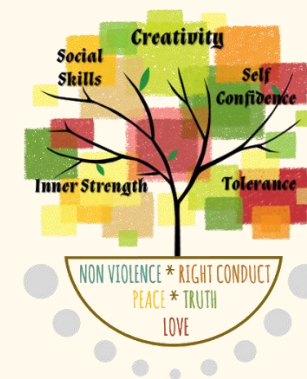

## OUTCOMES:

1. Expected to become more aware of themselves, and their surroundings (family, society, nature);
2. They would become more responsible in life, and in handling problems with sustainable solutions while keeping human relationships and human nature in mind.
3. They would be able to apply what they have learned to themselves in different day-to-day settings in real life.
